Putnam and Morgan County...
US 441 resurfacing work returns

EATONTON- C and H Paving Inc. operations returned today on the \$4.18 million resurfacing and shoulder rehabilitation project on US 441 beginning south of Reids Road and extending to Interstate 20.

Citizens should expect delays and lane closures for this work. Contractors are working from the Putnam County line back to Eatonton with leveling and single surface treatment. Then the crews will turn around and head back toward Morgan County.

As weather allows, general work hours will be 7 a.m. to 7 p.m. Monday through Friday and also on some weekends until the project is complete.

The over 17-mile resurfacing job should finish in early December. To date all the major roadway patching is done.

Whenever you approach a work zone: slow down; allow extra distance between vehicles; read signs; obey road crew flaggers; and expect the unexpected.

Citizens should monitor 511ga.org or download the App to stay current on all upcoming lane closures. [Georgia DOT East](#) on Facebook and [@GDOTEastTraffic](#) on Twitter also provide daily updates.
